Welcome to Eastham - Gateway to the National Seashore

On behalf of the Eastham business community, it is my pleasure to welcome you to our town. Not only a quaint, historic New England township, Eastham is also a tranquilizing and exhilarating village to experience. For every season there are special elements of activity for every member of the family: long sandy beaches, miles of biking and hiking trails, boutiques and galleries, sumptuous restaurants, and lodgings that suit all needs...from deluxe accommodations to campsites, quaint cottages, and elegant inns speckled throughout the village of Eastham.

The Cape Cod National Seashore Visitor Center is located in the heart of Eastham and offers miles of unspoiled shoreline and beaches, with marshlands and forests like a romantic's dream. Park rangers offer daily-guided canoe trips, interpretive walks, and several constantly changing activities for the whole family.

Eastham is found on the Outer Cape, isolated from the commercial and suburban, yet a short drive to Hyannisport, the Martha's Vineyard and Nantucket ferry service, whale watches and hundreds of other Cape Cod attractions.

Eastham is home to Cape Cod's oldest working windmill, built in the 1680s. Along with several historic buildings, sites, museums and districts, Eastham is proud of its many National Historic Register designations, and have listed in the Massachusetts Historic Register: the Old Town Center Historic District, Bridge Road Cemetery, and Cove Burying Ground, protecting our lineage.

Experience Eastham's hospitality as you dine on local seafood, rent bikes for an outing, golf on champion courses, visit specialty shops, and absorb the history and natural wonders. Wander through the 1,000 acre Audubon Sanctuary, play on the beaches, and retrace Henry David Thoreau's footsteps.

Eastham welcomes you to enjoy Cape Cod, 'The Way It Used To Be'.

Hospitably yours,

Janet Demetri, President

Eastham - Yesterday, Today & Tomorrow

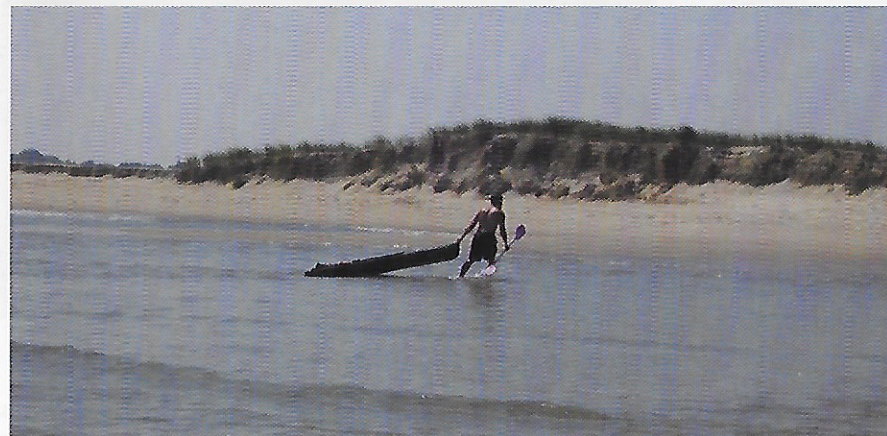

PHOTO BY BILL DESOUSA

Eastham is a quintessential paradise, where the Outer Cape begins. Originally called Nauset, Eastham is a narrow strip of rural country with marshes, ponds, bogs, and forests that are unharmed by time. It is bordered on the east with miles of the majestic Atlantic Ocean, and on its west by Cape Cod Bay.

Eastham is one of the first pages in American history. First Encounter Beach is the site of the first meeting between the Pilgrims and the American Indians. In 1620, a small band of Pilgrims from the Mayflower was led by Miles Standish on a hunting expedition. The Indians, recalling kidnappings by early English slave traders, sent a warning of arrows, which was answered by musket fire before each party fled.

Eastham was settled in 1644 by Pilgrims who were dissatisfied with the poor quality of the lands granted to them in Plymouth. Descendants of the original settlers still live in the area; their names are evident on mailboxes and street signs. Three of the original passengers of the Mayflower are buried in the Cove Burial Ground.

Once home to whaling, fishing, salt works, and asparagus farming, Eastham is now best known Cape wide as well as world wide for its beaches and conservation areas. As the Gateway to Cape Cod National Seashore, protecting over 27,000 acres of the Outer Cape, and one third of the town, Eastham has changed very little since Thoreau wrote his masterpiece, 'Cape Cod', over one hundred years ago.

Today Eastham proudly continues its heritage. You are invited to enjoy this conservancy with miles of walking and bike trails through woods, fields, marshes, and several designated historical sites and areas, many of which are in the National Historic Register of Places. Our hospitality is extended in our quaint inns, modern motels, B&Bs, cottages and campsites all conveniently located near country shops, restaurants and the service trades.

Discover windmills, museums, and salt air breezes in the classic Cape Cod, known as Eastham.

Accommodations

As the Gateway to Cape Cod National Seashore, Eastham attracts visitors, sightseers, naturalists and artists from throughout the country and around the world. Many come for just a day; others stay for a week, or even an entire season. And whether you seek upscale and modern or rustic camping, you will find that the hospitality is always warm and genuine.

Some visitors may favor the traditional family owned motel or motor lodge, while others may prefer the more personalized hospitality of the many B&Bs and small historic inns conveniently located throughout the town. For families opting for a week or longer stay, you can't beat the camping and RV park, or the many cottages or individual homes available for rent, each offering a variety of amenities to suit your particular needs.

Because Eastham is such a unique destination, many of the facilities are reserved from one year to the next, so it is wise to make reservations early. When that spur-of-the-moment urge hits you to visit, call ahead to check availabilities with the Eastham Visitor Booth, 508-255-3444 (or off-season 508-240-7211). Most establishments accept credit cards, although policies vary from

Start at the **A** Salt Pond Visitor Center of the Cape Cod National Seashore. Directly across is the **B** Schoolhouse Museum, 1869. Next to that is a full Cape, the **C** Bertha Keefe House c. 1828. Cross Route 6 at the lights, on your right is the **D** Inn at the Oaks; a Queen Anne Victorian built in 1869. At the corner of Route 6 and Salt Pond Road is the **E** Old Town Hall, 1851. Continue on Salt Pond Road, the **F** Joseph Cobb an 1848 Greek Revival house is on your left. The old Town Pump and Watering Trough are situated at the fork. To the left is the **G** Philander Shaw House, a 1795 full Cape, and across the road is the **H** Deborah Doane House, c. 1830, up Deborah Doane Way. Back on Locust Road, the **I** Captain Savage House, an 1850 Greek Revival with beautiful gardens. On your right is the **J** Knowles-Doane House, 1765, a fine half Cape house. Continue up Locust Road, at the top of the hill on your right is the 1820 full Cape **K** Moore House, next to it the c. 1869 **L** Barnabus Chipman House, a Greek Revival, and directly opposite is the 1700 **M** John Knowles House. Turn left onto Mill Road, a few hundred yards on your left is the **N** Truesdale Fife House. Go up the hill to the **O** Windmill where during summer months the Town Miller grinds corn. Turn left on Depot Road and left on Route 6. A hundred yards down is the 1823 **P** Sullivan House and Cottage. A beautiful view of Salt Pond and Nauset Inlet is visible at this point. Continue a little way to the **Q** John Sparrow House, 1823, and the **R** Jesse Collins lot, the Federal Style house on the corner of Locust Road was recently taken by fire. Continue to the traffic lights on Route 6 and cross back to the **A** Salt Pond Visitor Center.

Museums & Historic Sites

PAINTING BY WILLOW SHIRE

EASTHAM WINDMILL, (17) located on Windmill Green across from Town Hall, is the only Cape Cod Windmill still on a working site. It is a mock mill of an English/French style most likely built in Plymouth in the early 1680s. It was moved to Truro in the 1770s, to Eastham by Salt Pond in 1793, and to its present site in 1808. Open 10am-5pm summer. *NRHP**

OLD SCHOOLHOUSE MUSEUM (12) is on Nauset Road opposite Cape Cod National Seashore's Salt Pond Visitor Center. It is a one-room schoolhouse built in 1869, which served the town until 1936. The museum displays various objects from the town's history, including farming, shipwrecks, the Life Saving Service, the school and daily life. Open Tuesday - Wednesday 1-4pm and Thursday - Friday 10am-4pm in July & August. Open Saturdays in September 1-4pm. Bus tours in June, September & October by appointment, 508-255-6896. *NRHP**

OLDE TOWN CENTER HISTORIC DISTRICT, (F4,G4) listed in the Massachusetts Historical Register, offers a fascinating walking tour past seventeen historically and architecturally significant homes. (See page 37)

SWIFT-DALEY HOUSE MUSEUM (18) is located on Route 6 next to the Post Office. Built in 1741, its bowed roof is typical of early houses built by ships' carpenters, with wide board floors, deep kitchen fireplace and narrow stairways. Completely furnished, its collection includes examples of period clothing, china, quilts and household items. Open July & August, Monday - Friday, 10am-1pm. Saturday, September 13th 10am - 3pm. *NRHP**

THREE SISTERS OF NAUSET LIGHTHOUSES (2)

The Nauset Beach Light Station was established in 1838 with three small brick towers. In 1892, as the Atlantic was about

to claim the brick towers, three new towers of wood were commissioned. In 1911, two were abandoned leaving the center tower known as "The Beacon" until 1923. Today the wooden set of the "Three Sisters" has been reunited, restored, and preserved by the Cape Cod National Seashore. *NRHP**

OLD COAST GUARD STATION (7)

Since the early years of the Pilgrims, the Outer Beach of Cape Cod was known as a notorious "graveyard of ships". In 1871, the United States Congress appropriated funds for 9 life saving stations along the outer shores. The Nauset Station was built and served for many years. It was rebuilt in 1937 and currently stands overlooking the Atlantic Ocean.

CHESTER RANTLETT TOOL MUSEUM, (18)

located behind the Swift-Daley House, displays hundreds of tools, many unusual and unique to New England. On the same site is the A. Thomas Dill Beach Camp, a survivor of the 1978 storm that ravaged the spit south of the Coast Guard Station. Open Monday through Friday in July & August, 10am - 1pm. *NRHP**

INDIAN ROCK AT SKIFF HILL (21) is a huge, fine-grained metamorphic rock with abrasive qualities that shows its scars from years of grinding and polishing implements made of stone and animal bones.

PENNIMAN HOUSE, (23) on Governor Prence Road at Fort Hill, was built by Captain Edward Penniman. The house was constructed in 1868, in the Second Empire style, making it a favorite of both architectural and history buffs. As one of the most resplendent sea captain's homes on the Cape, it denotes the once profitable whaling industry. Open seasonally, contact Salt Pond Visitor Center (508) 255-3421 *NRHP**

NAUSET LIGHT (3) In 1923 the Lighthouse Service replaced "the Beacon" with one of Chatham's cast iron and brick lined towers built in 1877. In 1940, it was painted a distinctive red and white. The light characteristic was changed in 1981 from three white flashes to alternating red and white. Threatened by erosion in the 1990s, Eastham residents formed the Nauset Light Preservation Society in 1993 to save and restore the lighthouse and oil house, an effort realized in 1996. In October 1998, the 1875 lighthouse keeper's home was also moved and reunited with the light tower and oil house. *NRHP**

COVE BURIAL GROUND (24)

This ancient cemetery, which dates from the mid 1600s to 1770, is one of the oldest cemeteries on Cape Cod. It has some of the oldest slate gravestones and the oldest known inscribed fieldstone gravestones on the Cape. Located near Town Cove on Route 6, it marks the sites of the town's first Congregational Church. It is the final resting place of three Mayflower passengers: Constance Hopkins Snow (1677), Lt. Joseph Rogers (1678), and Giles Hopkins (1690), as well as most of the oldest families known to Eastham. *NRHP**

BRIDGE ROAD CEMETERY (20)

This cemetery is noted for its variety of gravestone styles spanning two centuries from 1754 to 1886. Some have elaborate inscriptions and epitaphs. *NRHP**

Also of historical significance are two additional Eastham cemeteries: Evergreen Cemetery (9) dating back to 1806 and Congregational and Soldiers Cemetery (10) started in 1813 are located side by side on Route 6 in Eastham

(#) denotes placement on map on page 44

Cape Cod National Seashore

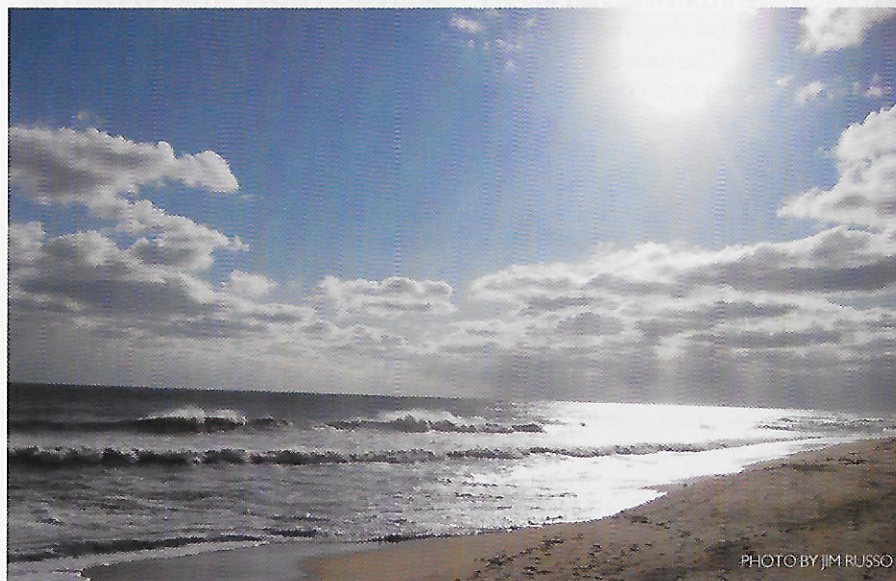

PHOTO BY JIM RUSSO

President John F. Kennedy signed a bill on August 7, 1961 making the Cape Cod National Seashore a reality. The Seashore includes 44,000 acres, 27,000 of which are uplands in six towns - Chatham, Orleans, EASTHAM, Wellfleet, Truro, and Provincetown. The work of the Cape Cod National Seashore involves conservation and preservation of the magnificent natural and cultural resources of the Cape as well as providing for the enjoyment of visitors. The Cape Cod National Seashore offers visitors approximately 40 miles of the finest seashore on the Atlantic Coast.

Whale Watching on Cape Cod

On daily boat trips out to Stellwagen Bank, a National Marine Sanctuary, visitors are guaranteed whale sightings. Guides on board explain the living and feeding habits of the finback, humpback, minke, pilot, and right whales as well as of the seals and porpoises.

You can see spouts, which is when a whale blows air out of the blow hole on its head. If one of them seems to wave at you, wave back-- this is called spy hop. If you are really lucky, you might get to see a whale breach- this is when it jumps out of the water, sometimes completely, ending with a huge splash.

Whatever behaviors you may witness on your whale watch you are sure to learn a lot, and not to mention, have a whale of a great time!

Biking Trails in Eastham

Eastham boasts two bike paths that travel through remarkably picturesque scenery. Both bike paths are paved and provide an opportunity for bicyclists to enjoy a very special encounter with Cape Cod's charm and beauty.

Within and around the trails are heavily wooded forests, ponds and quiet kettle ponds, salt marshes, bogs, winding creeks and sandy beaches. These trails provide an enjoyable way to experience Cape Cod at its very best. Follow any rules posted along the trails, and please be considerate of private property.

THE CAPE COD RAIL TRAIL (aka "The Bike Path")

This twenty-four mile long trail starts on Route 134 in Dennis and ends at LeCount Hollow in Wellfleet. It travels the entire length of Eastham along what used to be the Penn Central Railway tracks. Today the tracks are gone, but the convenience to all of Eastham is easily accessible. Just off the path, side trips offer ocean and bay beaches, fishing piers, country stores, quaint villages, parks, picnic areas, lodging, and a variety of places to eat.

NAUSET BIKE TRAIL

This trail starts at the Salt Pond Visitor Center and ends 2 1/4 miles later at Coast Guard Beach. Magnificent vistas of the salt marsh and the Atlantic Ocean are not to be missed. The trail is wheelchair accessible, and can be shortened by starting at the Doane Rock picnic area.

Biking Safety Rules

courtesy of:

Town of Eastham Bikeways Committee

The following guidelines should help provide a safe and enjoyable biking experience in Eastham:

- On bike trails, cyclists must stay to the right and keep children from wandering into the path of oncoming bikes or suddenly stopping on the paved trail.
- The Rail Trail crosses several town roads where the cars have the right of way. If there is a STOP sign on the trail, riders **MUST STOP**. Cyclists do not have the right of way.
- Some busy roads such as Brackett Road in North Eastham are used by cyclists to get from the bike trail to the businesses near Route 6. Be especially careful in this area. Ride single file and with moving traffic. Watch children carefully.
- Route 6 is too dangerous for cyclists. Should you need to get to a place on that road, you are advised to walk your bike on the sidewalk from the nearest side road.
- No rider or walker should cross Route 6 anywhere except at the crosswalks at the stoplights. Wait for the WALK signal and cross carefully.
- In addition, bicyclists in Massachusetts have the following responsibilities, according to the Commonwealth of Massachusetts Driver's Manual, Chapter 4, Rules of the Road, page 105:
 - Wear clothing with bright colors or reflective strips, especially at night.
 - When you are riding a bicycle on public ways, state law subjects you to the same basic laws and regulations that apply to motor vehicle operators.
 - You must obey all traffic signs and signals, ride single file with the flow of traffic, and yield to pedestrians.
 - You must ride on the right side of the roadway, unless you are turning left. To turn left, signal, look, and move into the lane closest to the center line.
 - It is strongly recommended that you avoid listening to headphones while riding.
 - Before entering or crossing a roadway, you should stop, look left, look right, and look left again for traffic—even if it is a one-

way street.

- When preparing to merge, stop, or turn, use hand signals to communicate your intentions to other roadway users. You may use either hand to signal.
- Use an audible signal bell, horn, or your voice to warn pedestrians.
- For nighttime operation, your bike must be equipped with a white headlight, red taillight, and/or rear reflector, pedal reflectors, and side reflectors. In addition, you must wear reflective ankle bands.
- You may use sidewalks outside business districts, unless there is a local ordinance prohibiting it.
- When operating on a sidewalk, you must yield the right of way to pedestrians.
- State law requires that all bicyclists 16 years of age or younger must wear approved helmets when bicycling or riding as passengers on public ways or property. About 75% of bicycle-related deaths and disabling injuries could have been prevented if riders wore a proper bike helmet.

Eastham Windmill

Eastham's windmill has a typical history as Cape Cod mills go. It was built around 1680 in Plymouth on Windmill Hill by one Thomas Paine, a millwright from Eastham. In the 1770's, sometime before the American Revolution he moved it across Cape Cod Bay on a barge or raft to Truro.

In 1793, a Seth Knowles of Eastham bought the mill and moved it overland to a site overlooking Salt Pond. In 1808 he had the mill moved to its present site where it worked until 1896. It was then purchased by the Village Improvement Society to be used as a library. They also, occasionally, ran the mill for the fun of it.

By 1928 there were only two members of the Society left and they persuaded the Town to buy the mill for \$500 and preserve it for its historic value. The Society members returned the money to the Town as a donation, and it still draws interest to this day.

In 1936, after undergoing extensive refurbishment and repairs, the mill reopened to the general public. In 1980, to celebrate the mill's 300th birthday, a Post Office was set up in the mill to cancel postage (windmill stamps including Eastham issued by the USPS). Today, visitors from around the world enjoy the mill. It is the centerpiece of Windmill Weekend each year and is a lovely addition to the Holidays with its arms decked out in colored lights.

Hiking Trails in Eastham

PHOTO BY BILL DESOUSA

South Eastham Conservation Area and the Cape Cod Rail Trail bike path. Parking and access are available at the trailhead on Smith Lane as well as the bike path on Rock Harbor Road and at Peach Orchard Lane.

COTTONTAIL ACRES (G3) is 18 more of Eastham's conservation land with hiking trails through meadows peppered with wildflowers along Herring and Jemima Ponds. Enter at Samoset Road.

FORT HILL TRAIL (H5) is a one and one-half mile trail with some log steps on slopes. The trail runs through the Rural Historic District listed on the National Register of Historic Places. This walking trail offers spectacular views of Nauset Marsh, the Nauset Spit and the Atlantic Ocean. Bring your binoculars for some wonderful birding opportunities.

RED MAPLE SWAMP TRAIL (H5) with its serpentine boardwalk gives yet another dimension to Cape Cod that is totally unexpected compared to the Outer Cape's general landscape. This quarter mile walk is most colorful in the fall. A portion of this trail is wheelchair accessible via Hemenway Landing.

NAUSET MARSH TRAIL (F5) is a half-mile loop that skirts Salt Pond and Nauset Marsh and returns through transitional forest and fields. The area is well suited for studies of salt marsh ecosystems and upland succession. It also offers excellent bird watching opportunities.

CEDAR BANKS TRAIL (F5) is a one and one-half mile hiking path that connects to the Nauset Marsh Trail and continues on to Coast Guard Beach.

BUTTONBUSH TRAIL (F5) is a short quarter-mile multisensory loop designed for the blind with a rope guide, and interpretive text panels in Braille and large lettering.

THE LADY SLIPPER TRAIL (F2) in the Wiley Park Conservation Area is a walking trail through the woods on Great Pond and Bridge Pond. There is also a beach at Wiley Park (sticker is required). Parking and restroom facilities are available.

THE NICKERSON PROPERTY (G2, G3) is 25 acres with walking trails lying between Bridge Pond and Widow Harding Pond. This is where Eastham's Herring Run flows into Bridge Pond and on to Great Pond. It is located on Herringbrook Road, with parking at the Cole Road Herring Run.

SOUTH EASTHAM CONSERVATION AREA - SECA (J3) is home to a rich variety of habitats surrounding three small ponds, and boasting some unusual tree species. Park at the trailhead on Peach Orchard Lane.

THE MASSACHUSETTS AUDUBON SOCIETY WILDLIFE SANCTUARY (A1) in Eastham and Wellfleet has five unique walking trails, all starting at their Nature Center and crossing through forests, meadows and marshes, including a boardwalk out to Cape Cod Bay.

UPPER BOAT MEADOW (J3) has magnificent walking trails through woodland, marsh and an arboretum of specimen trees. This special greenspace abuts the

Dining Out

A visit to Cape Cod is hardly complete without a feast from the sea. Sandwiched between Cape Cod Bay and the Atlantic Ocean, Eastham's restaurants receive the very freshest clams, scallops, lobsters, cod, haddock and a variety of other local species delivered to their kitchens daily, making us the envy of chefs the world over.

But the opportunity for great food goes well beyond traditional sea fare. Within the Eastham area discriminating diners can pamper their palates with the best of continental haute cuisine, or eat family style at picnic tables. Whatever the choice, in our small town, handcrafted pride is the ingredient that makes every morsel especially tasty.

Being a vacation area, dining is casual in most establishments, and seldom is there need for a jacket and tie, but shoes and shirts are a must.

Within the pages of this Dining section you will find a listing of establishments in the Eastham area. The information presented is designed to serve as a guide only, and while we have attempted to verify the facts, you should always check with the individual establishments regarding reservations and other details.

SALT POND IS A POPULAR SPOT FOR SHELLFISHERS.

For an enjoyable introduction to shellfishing, or as a classic standard, "sure bet" for harvest, Salt Pond is available on Sundays throughout the year. The area is stocked with quahogs, littlenecks, and steamers – oysters are also available in the fall.

As low tide varies, the schedule on the left reflects the times when shellfishing is open. During the remainder of the year, Salt Pond is open all day on Sundays – be sure to come at low tide. Bring your shellfish permit [see Eastham Rules & Regulations – Shellfishing, page 48], basket, rake, and sneakers and have some fun collecting supper!

- Non-commercial shellfishing at Salt Pond on Sundays only
- Areas in Salt Pond that are open for shellfishing are posted
- All other areas in Eastham are open at all times between ½ hour before sunrise and ½ hour after sunset unless otherwise posted
- An area 15 feet around sedge grass areas is closed to digging
- LIMIT: One LEVEL 10 quart pail per family per week
- SIZE: All clams & mussels shall be at least 2" in length.
All quahogs shall be at least 1" in thickness

Eastham

Eastham is the quintessential paradise, where the Outer Cape begins. Originally referred to as Nauset by the Native Americans, the name was changed to Eastham on June 7, 1651 by the Plymouth Colony Court. A narrow strip of rural country with marshes, ponds, bogs, and forests that are unharmed by time, Eastham is bordered on the east by miles of the majestic Atlantic Ocean, on the west by Cape Cod Bay. Eastham's captivating beauty is complimented by an interesting history.

Eastham is a significant piece of early-American history because it is the site of the "first encounter" between the Pilgrims and American Indians on First Encounter Beach. In 1620, a small band of pilgrims from the Mayflower was led by Miles Standish on a hunting expedition. The Indians, recalling kidnappings by early English slave traders, sent a warning of arrows, which was answered by musket fire before each party fled.

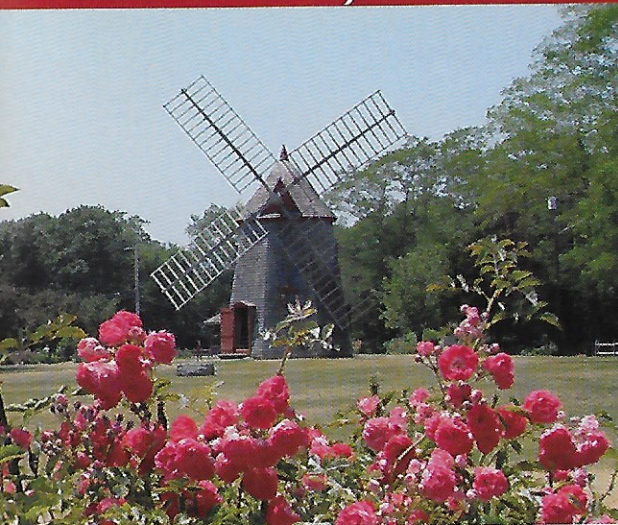

Eastham was settled in 1644 by Pilgrims who were unhappy with the land they were distributed in Plymouth. Descendants of the original settlers still live in the area; their names are evident on mailboxes and street-signs. Three of the original passengers of the Mayflower are buried in the Old Cove Cemetery. Once home to whaling, fishing, salt works, and asparagus farming, Eastham is now best known for its beaches and conservation areas.

You are invited to enjoy this conservancy with miles of walking and biking trails through woods, fields, marshes and designated historical sites and areas, many of which are in the National Historic Register of Places. Our hospitality is extended in our quaint B&B inns, modern motels, cottage colonies, and vacation home, or campout under the stars. Sample some of the Cape's freshest seafood from a selection of restaurants or find a new treasure at one of our shops.

As the Gateway to the National Seashore Park protecting over 27,000 acres of the Outer Cape, and one third of the town of Eastham, both residents and visitors can revel in a land little changed since Thoreau wrote his masterpiece, Cape Cod, over one hundred years ago.

Today Eastham proudly continues its heritage where you can discover windmills, museums, and salt air breezes in the classic Cape Cod, known as Eastham.

Eastham's Windmill Weekend is an annual community festival, a fair, and a family party all rolled into one and is held on the weekend following Labor Day, Friday through Sunday.

Windmill Weekend is a series of events held on Windmill Green and other locations around town. Activities include a sand art competition, road races, band concerts, arts and craft show, tricycle race, chowder contest and square dancing. Continuous local entertainment is held on the Green, both Saturday and Sunday.

A highlight of the weekend is the public recognition, as Windmill Honorees, of one or more Eastham citizens, who have demonstrated unusual dedication to the town through volunteer activities. Excitement peaks with Sunday's Parade.

Cape Cod National Seashore

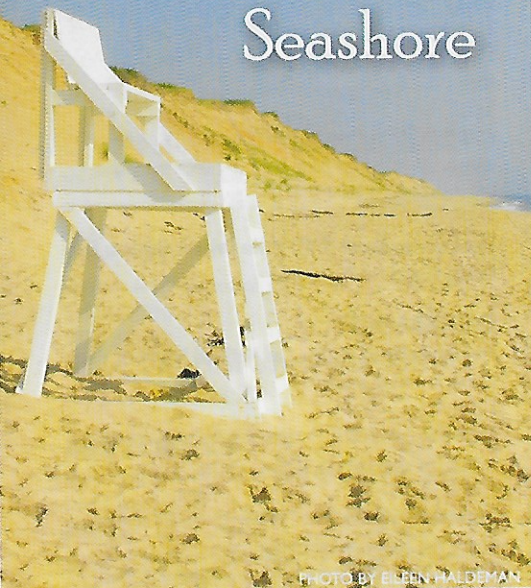

PHOTO BY EILEEN HALDEMAN

Cape Cod National Seashore means different things to different people. For many, it's all about the beach, where fun in the sun and evenings around the campfire create special family memories. For others, this is a place to observe wildlife--shorebirds seeking a tasty morsel at low tide; seals hauling out to rest in the sun; whales breaching off Herring Cove in spring. Some people appreciate the opportunity to learn how early people lived and were influenced by their environment. For still others, Cape Cod National Seashore is a source of inspiration...a place to listen, to think, to create. Today, as we prepare to celebrate the 50th anniversary of Cape Cod National Seashore in 2011, we're fortunate that farsighted legislators and citizens chose this special place to be pre-

served as a unit of the National Park System for the inspiration and enjoyment of all people, today and in the future.

Eastham is often called the "Gateway to the National Seashore," for here is where the national seashore's spectacular scenery is often first revealed to visitors. Salt Pond Visitor Center, open year round, located at Route 6 and Nauset Road in Eastham is a great first stop. There are rangers to assist with trip planning; an outstanding museum; a store with a plentiful selection of books, maps, games, and tools for nature exploration; and a magnificent view of Salt Pond, Nauset Marsh, and the Atlantic. Here you can learn about the national seashore's six Atlantic beaches; self-

guiding walking trails (there are a dozen of them!); bike trails; and ranger-guided programs, such as beach campfires, historical reenactments, canoe trips, salt marsh explorations, musical programs, and scientific lectures. (Some of the programs require a 7-day advance reservation.) Other programs are offered by our

partners—Friends of the Cape Cod National Seashore, Nauset Light Preservation Society, Payomet Performing Arts Center, Truro Historical Society, and Highland Museum and Light, Inc.

Extending from Chatham to Provincetown, Cape Cod National Seashore encompasses many habitats that invite exploration, such as beach, dune, salt marsh, freshwater pond, and upland forest. There are also many human stories to discover—shipwrecks and life saving, whaling, Native people, wireless communication, and early tourism. We invite you to explore and discover, to find your personal connection, to create memories, and to become a partner with us in helping to preserve this special place.

Additional information on the park, maps, and the appropriate season program of ranger-lead activities are listed in the park newspaper, available at the visitor centers, or online at www.nps.gov/caco and www.easthamchamber.com.

Eastham Museums & Historic Sites

EASTHAM WINDMILL, (17) Stop and see an actual WORKING windmill. Located on Windmill Green across from Town Hall, this piece of Eastham history is one of the few remaining windmills on Cape Cod. An early colonial artifact, the windmill operated for over two-hundred years (until 1896) as a vital economic resource. The mill was built around 1680 in Plymouth Colony by Thomas Paine and shortly before the Revolution he moved the mill across Cape Cod Bay to Truro. In 1793, a prominent Eastham resident, Seth Knowles bought the mill and moved it to Eastham overlooking Salt Pond. It was moved once more to its present spot on Windmill Green, in 1808. The windmill operated until the turn of the century. Recognized for its American historical significance, it was sold Village Improvement Society where it served as a library. In 1936, the now Town owed mill

underwent extensive refurbishment and has been open to the public ever since. During the summer the miller is on site 10am - 5 pm. **NRHP***

OLD SCHOOL HOUSE MUSEUM (12) (opposite the Salt Pond Visitor Center on Nauset Road) is a post Civil War one- room school house which served Eastham for over 70 years. Built in 1869, this historic school-house displays various objects from the town's history including everything from daily life to a Life Saving Service for shipwrecks that commonly occurred just miles off Nauset beach. Open Tuesday - Wednesday from 1-4 pm and Thursday - Friday 10 am-4 pm in July & August. Open Saturdays in September 1-4pm. Bus tours in June, September & October by appointment. **NRHP***

SWIFT-DALEY HOUSE MUSEUM (18) is located on Route 6 next to the Post Office. Built in 1741, its bowed roof is typical of early houses built by ships' carpenters, with wide board floors, deep kitchen fireplace and narrow stairways. Completely furnished, its collection includes examples of period clothing, china, quilts and household items. Open July & August, Monday - Friday, 10am-1pm. Saturday, September 13th 10am - 3pm. **NRHP***

CHESTER RANTLETT TOOL MUSEUM, (18) located behind the Swift-Daley House, displays hundreds of tools, many unusual and unique to New England. On the same site is the A. THREE SISTERS OF NAUSET LIGHT-HOUSES(2)

The Nauset Beach Light Station was established in 1838 with three small brick towers. In 1892, as the Atlantic was about to claim the brick towers, three new towers of wood were commissioned. In 1911, two were

abandoned leaving the center tower known as "The Beacon" until 1923. Today the wooden set of the "Three Sisters" has been reunited, restored, and preserved by the Cape Cod National Seashore. Walk about on your own or check with the Salt Pond Visitors Center for tour times. **NRHP***

OLD COAST GUARD STATION (7) Since the early years of the Pilgrims, the Outer Beach of Cape Cod was known as a notorious "graveyard of ships". In 1871, the United States Congress appropriated funds for 9 life saving

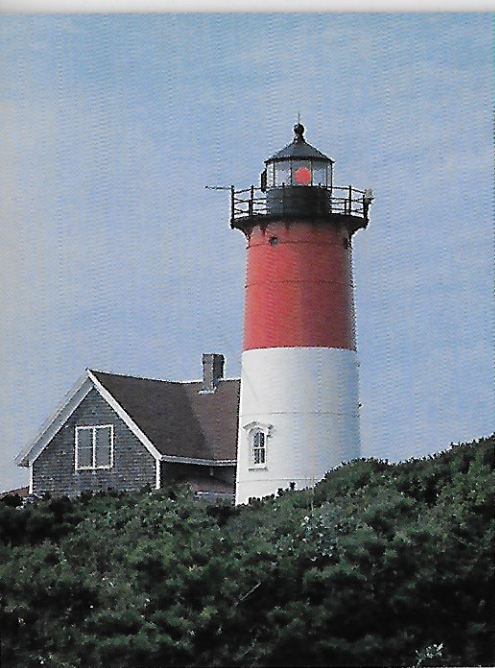

stations along the outer shores. The Nauset Station was built and served for many years. It was rebuilt in 1937 and currently stands overlooking the Atlantic Ocean.

INDIAN ROCK AT SKIFF HILL (21) inside the Fort Hill area is a piece of antiquity that Native American's used for centuries to sharpen their weapons and make tools. This metamorphic rock shows millennia of scars from polishing and grinding implements made of stone and animal bones.

PENNIMAN HOUSE, (23) on Governor Prentice Road at Fort Hill, was built by Captain Edward Penniman. The house was constructed in 1868, in the Second Empire style,

COVE BURIAL GROUND (24)

This ancient cemetery, which dates from the mid 1600s to 1770, is one of the oldest cemeteries on Cape Cod. It has some of the oldest slate gravestones and the oldest known inscribed fieldstone gravestones on the Cape. Located near Town Cove on Route 6, it marks the sites of the town's first Congregational Church. It is the final resting place of three Mayflower passengers: Constance Hopkins Snow (1677), Lt. Joseph Rogers (1678), and Giles Hopkins (1690), as well as most of the oldest families known to Eastham. **NRHP***

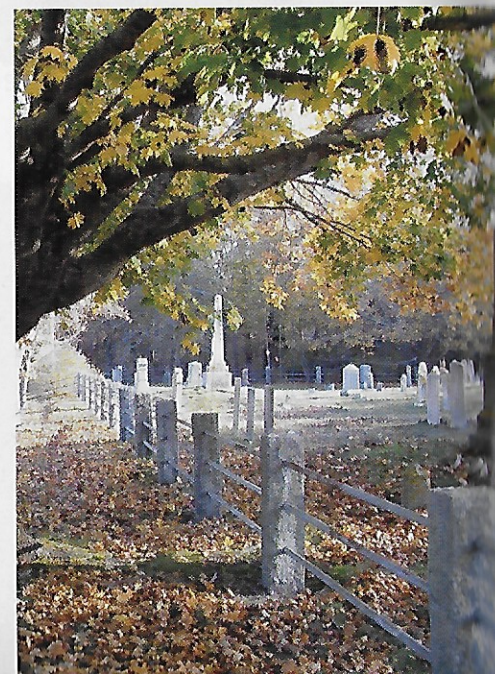

BRIDGE ROAD CEMETERY (20)

This cemetery is noted for its variety of gravestone styles spanning two centuries from 1754 to 1886. Some have elaborate inscriptions and epitaphs. **NRHP***

Also of historical significance are two additional Eastham cemeteries: Evergreen Cemetery (9) dating back to 1806 and Congregational and Soldiers Cemetery (10) started in 1813 are located side by side on Route 6 in Eastham

making it a favorite of both architectural and history buffs. As one of the most resplendent sea captain's homes on the Cape, it denotes the once profitable whaling industry. Open seasonally, contact Salt Pond Visitor Center (508) 255-3421 **NRHP***

NAUSET LIGHT (3) In 1923 the Lighthouse Service replaced "the Beacon" with one of Chatham's cast iron and brick lined towers built in 1877. In 1940, it was painted a distinctive red and white. The light characteristic was changed in 1981 from three white flashes to alternating red and white. Threatened by erosion in the 1990s, Eastham residents formed the Nauset Light Preservation Society in 1993 to save and restore the lighthouse and oil house, an effort realized in 1996. In October 1998, the 1875 lighthouse keeper's home was also moved and reunited with the light tower and oil house. Open to the public May to October; check the days and times in our calendar of events. **NRHP***

A Walk Around the Old Historic District

Begin your walking journey at the Salt Pond Visitor Center **(A)** and learn about the Cape Cod National Seashore by watching their fascinating orientation movie. A swift walk across the street brings you to the Schoolhouse Museum **(B)** which will show you what it was like to live in Eastham during the late 1800's. A few steps away from the Schoolhouse Museum is the Bertha Keefe House **(C)** built in 1828 and after crossing Route 6 at the lights, view the magnificent Inn at the Oaks **(D)**, a Queen Ann Victorian built in 1869. Close to the corner of Route 6 and Salt Pond Road is the Old Town Hall built in 1851 **(E)**. As

you continue down Salt Pond Road, take notice of the Joseph Cobb Greek Revival House **(F)** built in 1848. Directly situated at the fork, view the Old Town Pump and Watering Trough. To the left is the Philander Shaw House **(G)**, a 1795 full Cape and by traveling up the street called Deborah Doane Way is the Deborah Doane House **(H)** built in 1830. Trek up Locust Road to see another Greek Revival House with surrounding gardens called the Captain Savage House **(I)** built in 1850. On the right notice the Knowles-Doane House **(J)** which is a half Cape built in 1765. At the top of the hill on your right is a full Cape house built in 1820 called the Moore House **(K)** and right next to it is the 1869 Barnabus Chipman House **(L)** another Greek revival. Directly opposed to the Barnabus Chipman House is the John Knowles House **(M)** built in 1700. Turning left onto Mill Road and after a few hundred yards on your left is the Trousdale Fife House **(N)**. Go to the top of the hill and see a working Windmill **(O)**

on the Town Greene, where during the summer months the Town Miller grinds corn. Continue walking left on Depot Road and then another left back

onto Route 6. A hundred yards down the road is the 1873 Sullivan House and Cottage **(P)**. Notice the beautiful view of Salt Pond and Nauset Inlet close to the house. Keep walking and see a Federalist Style house known as the John Sparrow House built in 1823 **(Q)** and the Jesse Collins lot where the home had burned down. Continue back to the traffic lights on Route 6 and you will end at the Salt Pond Visitor Center **(A)**.

THE CAPE COD RAIL TRAIL (aka "The Bike Path")

This twenty-four mile long trail starts on Route 134 in Dennis and ends at LeCount Hollow in Wellfleet. It travels the entire length of Eastham along what used to be the Penn Central Railway tracks. Today the tracks are gone, but the convenience to all of Eastham is easily accessible. Just off the path, side trips offer ocean and bay beaches, fishing piers, country stores, quaint villages, parks, picnic areas, lodging, and a variety of places to eat. The trail crosses under Route 6 through a bike tunnel. Many of Eastham's lodgings on Route 6 – our motels and cottage colonies properties back up to the bike trail – affording easy access.

NAUSET BIKE TRAIL

This trail starts at the Salt Pond Visitor Center and ends 2 1/4 miles later at Coast Guard Beach. Magnificent vistas of the salt marsh and the

Atlantic Ocean are not to be missed. The trail is wheelchair accessible, and can be shortened by starting at the Doane Rock Picnic Area located on Nauset Road.

At press time the bike bridge to Coast Guard Beach was damaged by winter storms and is closed pending replacement. Bicyclists should ask for an update at Salt Pond Visitor Center and obtain a map showing a detour around the bridge.

Biking Safety

courtesy of:

Town of Eastham Bikeways Committee

The following guidelines should help provide a safe and enjoyable biking experience in Eastham:

- On bike trails, cyclists must stay to the right and keep children from wandering into the path of oncoming bikes or suddenly stopping on the paved trail.
- The Rail Trail crosses several town roads where the cars have the right of way. If there is a STOP sign on the trail, riders MUST STOP. Cyclists do not have the right of way.
- Some busy roads such as Brackett Road in North Eastham are used by cyclists to get from the bike trail to the businesses near Route 6. Be especially careful in this area. Ride single file and with moving traffic. Watch children carefully.
- Route 6 is too dangerous for cyclists. Should you need to get to a place on that road, you are advised to walk your bike on the sidewalk from the nearest side road.
- No rider or walker should cross Route 6 anywhere except at the crosswalks at the stoplights. Wait for the WALK signal and cross carefully.
- When you are riding a bicycle on public

ways, state law subjects you to the same basic laws and regulations that apply to motor vehicle operators.

- You must obey all traffic signs and signals, ride single file with the flow of traffic, and yield to pedestrians.
- Before entering or crossing a roadway, you should stop, look left, look right, and look left again for traffic—even if it is a one-way street.
- When preparing to merge, stop, or turn, use hand signals to communicate your intentions to other roadway users. You may use either hand to signal.
- For nighttime operation, your bike must be equipped with a white headlight, red taillight, and/or rear reflector, pedal reflectors, and side reflectors. In addition, you must wear reflective ankle bands.
- You may use sidewalks outside business districts, unless there is a local ordinance prohibiting it.
- You must yield the right of way to pedestrians.
- State law requires that all bicyclists 16 years of age or younger must wear approved helmets when bicycling or riding as passengers on public ways or property. About 75% of bicycle-related deaths and disabling injuries could have been prevented if riders wore a proper bike helmet.

The Cape Cod Baseball League, the premier collegiate summer league in the country, begins its 125th season on Tuesday, June 15th, 2010. Bring your blanket or beach chair to Eldredge Park and watch the best amateur ballplayers in a picture-perfect setting. There is no admission or parking fee (though our volunteers welcome donations). Refreshments and souvenirs are available, and kids can enter a raffle to win a baseball signed by some future major leaguers.

Playoffs will begin on Friday, August 6th. The league All-Star Game is scheduled for Wednesday, July 28, at Fenway Park in Boston.

Whale Watching!

Take a whale watch to view some of the Earth's oldest, smartest, and most magnificent mammals. Learn the differences between finback, humpback, minke, pilot and right whales. Watch as they gracefully leap from the water and splash back down. As the boat approaches closer they will look at you and appear to wave. Whale watching boats depart Provincetown or Barnstable and proceed to the Stellawagan National Reserve. Whale watch boats visit the reserve mid-April to September.

SALT POND IS A POPULAR SPOT FOR SHELLFISHERS.

For an enjoyable introduction to shellfishing, or as a classic standard, "sure bet" for harvest, Salt Pond is available on Sundays throughout the year. The area is stocked with quahogs, littlenecks, and steamers – oysters are also available in the fall.

As low tide varies, the schedule on the left reflects the times when shellfishing is open. During the remainder of the year, Salt Pond is open all day on Sundays – be sure to come at low tide. Bring your shellfish permit, basket, rake, and sneakers and have some fun collect-

- Non Commercial shellfishing at Salt Pond on Sundays ONLY
- Areas in Salt Pond that are open to shellfishing are posted
- All other areas in Eastham are open at all times between ½ hour before sunrise to ½ hour after sunset, unless otherwise posted.

• LIMIT: One LEVEL 10 quart pail per family per week

• SIZE:

- o All clams & mussels shall be at least 2" in length
- o All quahogs shall be at least 1" in thickness
- o All oysters shall be at least 3" in thickness

Organizations In & Around Eastham

EFFI is a hardy band of over 160 volunteers from the Eastham Forum who plant and maintain 19 magnificent flowerbeds in the traffic islands along Route 6 and throughout town (● on the map). EFFI is supported by contributions from individuals and businesses, as well as by donations of refundable bottles and cans. Look for the large blue can/bottle collectors at the Town beaches on Cape Cod Bay. Call Carol Burton (508) 240-3360

80% of our food is homemade.

Can you make the same claim?

Admit it. When's the last time you made a home-cooked meal? At the Fairway Restaurant, we do. Everyday. And it's not just made in our own kitchen, it's made to grandma's standards. No time to make a home cooked meal? Then make time to come to Fairway.

Homemade. Not just the food, the feeling.
